*Defence Review Asia: May - June 2016, Vol. 10, No. 3, pp.10-13 (146)*

Asia Pacific is adopting unmanned aerial vehicles (UAVs) with versatile platforms becoming an essential military component.

## ASIAN

**Cautious partners : Asian cyber-security alliance remains distant**

*Intelligence Review: May 2016, Vol.28 Iss.5, pp.52-53 (123)*

This article examines the outlook for regional co-operation.

## AUSTRALIA

**EU-Australia relations : a strategic partnerships in all but name?**

*Review of International Affairs: Vol.29, No.1, March 2016, pp. 171-191 (93)*

This article seeks to critically assess the changing relationship between the EU and Australia from an engagement based on tensions and mutual neglect to one that is increasingly multifaceted with a more purposeful dimensions.

## AUSTRALIA

**Defending Australia in the digital age : toward full spectrum defence**

*Defence Studies : Vol.16, No.2, June 2016, pp.157-175 (105)*

This paper argues that Australia's underwhelming approach to defence the product of a crippling geographically focused strategy dichotomy with the armed forces historically having been structured to venture afar as a small part of a large coalition force or to combat small regional threats across land, sea and air.

## CHINA

**Beijing's march West : opportunities and challenges for China's Eurasian pivot**

*Orbis : Vol.60 No.2 Spring 2016, pp. 296-313 (44)*

This analysis argues the policies of the United States and its allies are pushing Moscow and Beijing towards each other and concludes with the wishful assertion that in central Asia at least Russian and Chinese interests overlap in a common interest to ensure social and economic stability

**EU diplomacy and the EU-China strategic relationship: framing, negotiation and management**

*Cambridge Review of International Affairs: Vol.29, No.1, March 2016, pp. 78-98 (93)*

The article argues that all three mechanisms exist in a complex balance, and that all three are necessary elements in an evaluation of the EU's approach to any given strategic relationship.

## CYBER DEFENCE

**The new art of war**

*Military Technology: Vol .XL Issue. 4 2016, p.16-19 (38)*

The article highlights frameworks, policy and problem. Governments that prioritise the development of coherent cyber policy frameworks understand that are necessary in order to advance digitally. Pan European activities, China is making headway by centralising the coordination of government cyber agencies and continuing to produce relevant cyber legislation. Cyber mission force to be ready in 2018.

**CYBER WARFARE**

**Studies highlight gap in Australia's preparedness for cyber warfare**

*Australian Defence Magazine: May 2016 Vol.24 No.5, pp.42-44 (61)*

This article presents and discusses studies that highlighted Australia's lack of preparedness for cyber war. It suggests the responsibility of cyber security does not just lie in the hands of an IT department but rather the whole nation be it the government or the industry sector. Successful cyber-attacks that have happened includes the energy and electricity sectors which is seen to be crippling to a nation.

**CYBERTERRORISM**

**Terror from behind the keyboard : conceptualising faceless detractors and guarantors of security in cyberspace**

*Critical Studies on Terrorism: Vol 9 No 1, April 2016, pp. 33-53 (112)*

This article uses a discourse analysis approach on the basis that discourse functions to produce social and political actors authorised to speak and act. To develop securitisation theory's articulation of the dichotomy between legitimate and illegitimate violence as it is reflected in British government policy.

**INDONESIA**

**Indonesian navy revamps its primary naval platforms**

*Defence Review Asia: May - June 2016, Vol. 10, No. 3, pp.26-28 (146)*

Naval platforms will be one of the keys to turning Indonesia into a global maritime axis by taking advantage of Indonesia's vast archipelago which stretches from the Indian Ocean to the Pacific with untapped marine resource.

**JAPAN**

**On the rise : Japan's defence industry is reshaping itself to meet international opportunities**

*IHS Jane's Defence Weekly: 8 June 2016, Vol.53 Iss. 23, pp.26-31 (122)*

Japan defence's industry at the outset of a period of major transformation in response to shifting requirements.

**Korea enduring equipment sets : from theory to practice**

*Army Sustainment: May - June 2016, p. 42-45 (74)*
